Dear Sir:

In a "Notice of Omitted Items in a Nonprovisional Application" mailed January 13, 2004, the U.S. Patent and Trademark Office noted that Figure 3 described in the specification was omitted. In this regard, please note that the present application is a continuation of Application Serial No. 09/479,985, now abandoned. Evidently, when the present continuation application was filed, Figure 3 was inadvertently missing with the filing papers. As a result, Applicant has enclosed herewith a Petition to Revive the parent application (Application Serial No. 09/479,985). Once the parent application has been revived, the present application will be amended to include Figure 3. A copy of Figure 3 is also included herewith.

The Commissioner is hereby authorized to charge any additional fees which may be necessary or credit any overpayment to Deposit Account No. 06-0308.

If the U.S. Patent and Trademark Office has any questions concerning the above information, the Examiner is invited to contact Applicant's represented listed below.

Respectfully submitted,

FAY, SHARPE, FAGAN,
